

# **STEAM Enrichment Class at H.W. Mountz**

**Lego Engineering and Coding  
Wednesdays September 26th-November 21st  
3:05-4:05 \$130**

We'll be using the LEGO WeDo components to create with bricks, sensors, and motors all controlled by code. It's the perfect introduction to programming, combining hands-on LEGO building with real electronics. No previous programming experience is necessary. Grade 1 and up.

**\*\*\*No Class 10/31 Halloween**
