

Tiger Den Beyond the Bell

In an effort to improve small and fine motor skills, increase social skills, and inspire friendships, HW Mountz elementary school students in grades Pre-K to grade 2 are invited to join Tiger Den Beyond the Bell starting October 1, 2022. Tiger Den will continue until 5:00 whenever needed

- Mondays-- Puzzles and Play--floor puzzles, more advanced puzzles of 25 pieces, and natural play will help foster problem solving, critical thinking and cooperation.
- Tuesdays Markers and Magnets--Markers on whiteboards and paper or both for our creative artists and using magnet tiles for building.
- Wednesdays Beads and Bubbles--stringing beads and creating designs while improving fine motor skills. Bubbles simply because they are fun!
- Thursdays--Cars and Construction--build a town for cars, using imagination and cooperation
- Fri-yay! Popcorn and movies

The Tiger Den Beyond the Bell Program runs from 3-4 daily with a \$10 enrollment per session. Students may also unwind with a snack from home, start or complete homework in addition to participating in the daily beyond the bell activities. Please register at the Tiger Den link each Friday in Webmaster email.
